BE MORE PRODUCTIVE

The Xerox® DocuMate® 3125 color desktop scanner quickly converts your documents, plastic cards and forms into digital files, then securely saves them on your computer or in the cloud ready to be accessed another day when needed. It can scan up to 48 images per minute (ipm) at 300 dpi in duplex and includes a 50-page Automatic Document Feeder (ADF) that handles everything from business cards to A4/Letter size documents. The Xerox® DocuMate® 3125 has an exceptionally small footprint and will fit comfortably on any desk (especially when folded closed). It is the perfect solution for organizations that need to quickly convert paper documents into searchable PDF files to be shared, organized and protected.

Advanced certified TWAIN™ and ISIS® drivers allow you to communicate with hundreds of Enterprise Content Management (ECM) and Document Image Management (DIM) software

solutions making the Xerox® DocuMate® 3125 perfect for any office environment.

SCANNING AT THE TOUCH OF A BUTTON

The Xerox® DocuMate® 3125 scanner allows users to scan to the “destination” of their choice by pressing a single button, eliminating the multiple steps usually required to save scanned documents in popular file formats. Simply select one of 9 preset (yet completely user configurable) destinations, and your documents will be scanned with the correct settings for resolution, color, cropping, and file format. Final images are delivered to virtually any application, folder or device – all at the touch of a button.

SCAN WITH CONFIDENCE

Take a random stack of documents from your desk. Unless they came directly from a laser printer, they probably have a few marks on them, highlighted notes, stamps, wrinkles or smudges. The DocuMate

3125 includes software that enables your scanner to instantly improve the visual clarity of every document that you scan. It intelligently adjusts every page after being scanned to a crisp and clean image. And it not only improves image quality for the human eye, but the computer’s eye as well. Since OCR results are directly related to the clarity of scanned text, OCR accuracy is dramatically increased when you improve image quality.

MULTIPLE PLATFORMS

For Mac users, the Xerox® DocuMate® 3125 includes a fully featured TWAIN driver, ICA support, and a simple yet powerful Scan Utility, allowing you to get started right out the box.

Xerox® DocuMate® 3125 Scanner Software Solutions

VISIONEER® ONETOUCH® (PC)

OneTouch connects your scanner with preset scan workflows. With one touch of a button, the scanned document is automatically sent to common or customized destinations and applications.

VISIONEER® CAPTURE SE (PC)

Scan, edit, and release document batches to PC, network and cloud services like Google Drive. Flexible interface with automatic batch separation and advanced indexing with Zonal OCR and barcode support.

VISIONEER® ACUITY (PC)

Visioneer Acuity enables your scanner to instantly improve the visual clarity of scans. Advanced algorithms correct document imperfections and upgrade the quality of scanned images for archiving and OCR.

VISIONEER TWAIN™ DRIVERPLUS (PC)

DriverPLUS offers an impressive array of settings to enable precise customization of the scan processing via a simple interface with tool tips. DriverPLUS includes Visioneer's proprietary Parallel Scanning capability.

ABBYY® BUSINESS CARD READER (PC)

Easily transfers contact information from business cards scans directly into your contacts. It recognizes 22 languages, and delivers business card data to your smartphone contacts or in its own card catalog.

ABBYY® FINEREADER SPRINT (MAC® & PC)

This easy-to-use OCR tool reduces the need of retyping and paper storage, precisely preserves the original document's layout and formatting and instantly converts your scans into various file formats, including searchable PDF.

TWAIN™ FOR MAC

The Mac TWAIN driver offers all Visioneer Acuity features. It also includes a digital endorser to add text to your images, the ability to read bar code data (3rd party software required to interpret bar code data), and merge 2 sides.

VISIONEER SCAN UTILITY FOR MAC

A simple but effective scan utility allows you to take full advantage of all of the drivers' features. Just set your driver preferences, select an image format and file destination, and start scanning.
